BEAUTE NEUVE BODY SERUM

Skin-Renewing Peeling Serum - Body

Beauty Results

- The body appears renewed
- The skin is softer and more radiant
- Skin texture and irregularities are smoothed
- The skin is intensely hydrated and comfortable

Key active ingredients and effects

EXFOLIATING ACTION:

PEELACTIVE: rich in oligosaccharides, promotes the skin's natural exfoliation mechanism and renewal to smooth skin.

GLYCOLIC ACID: stimulates skin renewal using gentle exfoliation to attenuate blemishes and restore a smoother, more radiant complexion.

MOISTURISING ACTION

HYDRAFILM: works like a net to capture water molecules on the skin's surface to prevent dehydration.

UREA: provides long-lasting hydration by attracting and retaining water deep within the epidermis.
